Item 2

A

USTED ES LA SOLUCIÓN

TakeMeds Seriously

1 de cada 4 sobredosis en adultos mayores es causada por medicinas recetadas para el dolor o para la ansiedad

Pregúntele a su doctor y farmacéutico como sus prescripciones interactúan entre sí

Fuente de la información: "Exposure-Response Association Between Concurrent Opioid and Benzodiazepine Use and Risk of Opioid-Related Overdose in Medicare Part D Beneficiaries"

Co-brand any poster with your logo

B

USTED ES LA SOLUCIÓN

El 78% de los adultos mayores que consumen bebidas alcohólicas también usan prescripciones que pueden causar efectos secundarios.

Pregúntele a su doctor y farmacéutico como el alcohol puede alterar el uso de sus medicinas.

Fuente de la información: National Institute on Alcohol Abuse and Alcoholism

C

USTED ES LA SOLUCIÓN

Lleve todas las medicinas que no ha usado o que han expirado y deposítelas en los recipientes de eliminación en su comunidad

D

USTED ES LA SOLUCIÓN

Proteja su hogar guardando todos sus medicinas en un lugar seguro y fuera del alcance de sus invitados

Promueva el almacenamiento seguro de medicinas empezando con sus amigos y familiares.

E

USTED ES LA SOLUCIÓN

Lleve todas las medicinas que no ha usado o que han expirado y deposítelas en los recipientes de eliminación en su comunidad

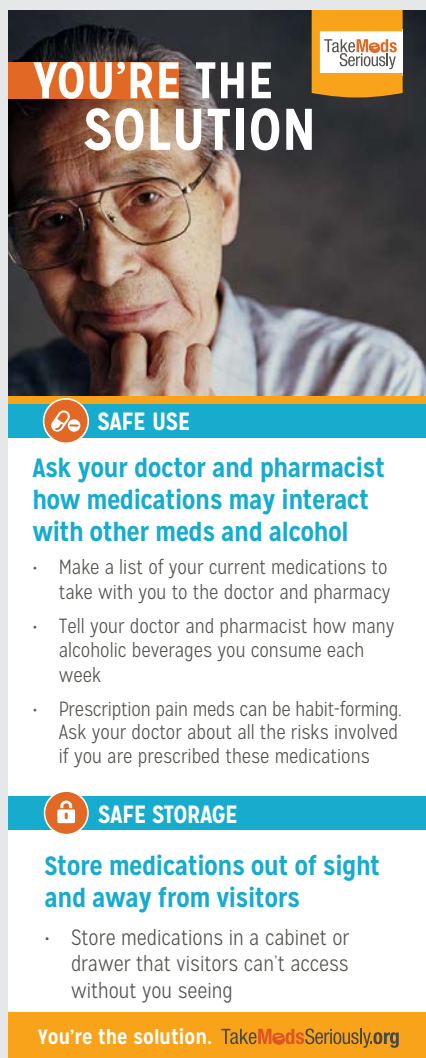

Poster Size:
12.5" x 18.5"

When ordering, specify quantities by item number and letter. Example "25 copies of 1C."

Rack Card

Item 3

Front:

The front of the rack card features a photograph of an elderly man with glasses, resting his chin on his hand. The text "YOU'RE THE SOLUTION" is overlaid on the image. In the top right corner, there is a logo for "TakeMeds Seriously". Below the image, there are three sections: "SAFE USE" with a pill icon, "SAFE STORAGE" with a lock icon, and a footer with the slogan "You're the solution. TakeMedsSeriously.org".

YOU'RE THE SOLUTION

TakeMeds Seriously

SAFE USE

Ask your doctor and pharmacist how medications may interact with other meds and alcohol

- Make a list of your current medications to take with you to the doctor and pharmacy
- Tell your doctor and pharmacist how many alcoholic beverages you consume each week
- Prescription pain meds can be habit-forming. Ask your doctor about all the risks involved if you are prescribed these medications

SAFE STORAGE

Store medications out of sight and away from visitors

- Store medications in a cabinet or drawer that visitors can't access without you seeing

You're the solution. TakeMedsSeriously.org

Back:

The back of the rack card is divided into three main sections. The top section is titled "SAFE DISPOSAL" and contains the text "Take unused and expired medications to a safe disposal box in your community" followed by a list of instructions. The middle section is also titled "SAFE DISPOSAL" and contains a large box for "YOUR COMMUNITY SAFE DISPOSAL SITES:" with a callout bubble pointing to it that says "Enter disposal sites for your community here". The bottom section features the "COLORADO CONSORTIUM for Prescription Drug Abuse Prevention" logo and the slogan "You're the solution. TakeMedsSeriously.org".

SAFE DISPOSAL

Take unused and expired medications to a safe disposal box in your community

- Never flush prescription medications
- Find your closest disposal site below
- Ask your pharmacist about products like *Dispose RX™*, which help you safely dispose of medication at home

SAFE DISPOSAL

YOUR COMMUNITY SAFE DISPOSAL SITES:

Enter disposal sites for your community here
